This transfer guide is designed as an advising tool to facilitate a smooth transition between institutions by identifying relevant course work recommended to be completed prior to transfer.

Community college students are encouraged to

- Complete an A.A. or A.S. degree prior to transfer
- Utilize the NIU Articulation Handbook for information regarding the transferability of courses. [http://www.niu.edu/admissions/transfer/plan/credits/index.shtml](http://www.niu.edu/admissions/transfer/plan/credits/index.shtml)
- Review “Limited Admissions Programs Transfer Course Equivalents” (if appropriate) provided by the NIU Transfer Center. [http://www.niu.edu/admissions/transfer/plan/credits/limited/index.shtml](http://www.niu.edu/admissions/transfer/plan/credits/limited/index.shtml)
- Consult with the College of Health and Human Sciences and/or review the websites for their intended majors for detailed information about special requirements, program admission requirements, and course requirements. [www.chhs.niu.edu](http://www.chhs.niu.edu)

The mission of the School of Family and Consumer Sciences (FACS) at Northern Illinois University is to generate and transmit knowledge that supports families and individuals in meeting human needs for self-development, social interaction, resource allocation, clothing, food and nutrition, and hospitality. All programs lay the groundwork for graduate study.

All three emphases in Human Development and Family Sciences prepare the student to work as professionals serving families and children. The Child Development emphasis provides preparation for professionals who serve infants, toddlers and young children and their parents in parent-child programs both home and community based, in programs for parents and expectant parents, in child-life programs, early intervention, early childhood education, and in leadership/advocacy positions. It is recommended as preparation for advanced degrees in child development, Human Development and Family Sciences, and related fields.

The Human Development and Family Sciences major is a limited admissions program which requires students to submit a program application directly to the School of FACS office in Wirtz Hall 118. Students must have already completed the course requirements as described in the
Undergraduate Catalog limited admission section for Human Development and Family Sciences prior to submitting an application. Applications for fall admissions are due by March 1 and applications for spring admission are due by September 15; applications are available online at the Family and Consumer Sciences website (http://www.chhs.niu.edu/HDFS/) approximately one month prior to each deadline. Students admitted to NIU, but not to a specific major in the school, will be classified as pre-FACS majors in the School of Family and Consumer Sciences.

Prospective students should make formal application to the School of Family and Consumer Sciences by March 1 of their sophomore year. A student who enters the program with the courses as listed and who have completed an A.A. or A.S. degree can usually expect to complete the NIU program in two years.

Major in Human Development and Family Sciences: Emphasis 3, Child Development

Courses Recommended Prior to Transfer
ENGL 203* Rhetoric and Composition II (3)
One of the following:
  BIOS 103 General Biology (3)
