The Bachelor of Science in Health Sciences program is designed to prepare the student to enter allied health and other health related fields. The health sciences program focuses on providing the student with a strong foundation through general education and health science-based curriculum with a focus on health care leadership skills, financial principles, management strategies, and standards to improve patient care.

The degree completion emphasis is off-campus/online and is designed uniquely for health and human sciences professionals. Applicants must be practicing health or human sciences professionals who hold a current professional credential, certificate, or license in a health or human sciences field and have completed an applied associates degree program or equivalent number of credits. The professional credential, certificate or license must be in the field in which the degree was earned.

### Proficiency Credits

AAS Physical Therapy graduates who take all courses exactly as listed above will have 82 credits of MCC course work of which only 66 academic credits are applicable to 120 hours required for NIU degree. UHHS 200 and/or 300 proficiency credits will be awarded to offset this loss of hours. For MCC students with a different combination of classes, proficiency credits will be determined at time of admission to the B.S. in Health Sciences, degree completion emphasis.

(31 credit hours)
Electives for 120 hours required for graduation:
(13 credits)

Electives to meet minimum required hours at NIU can be selected by student. May be taken at MCC or NIU. Student must consult with NIU advisor prior to selecting electives. Note: could be fewer if transfer credits include physical education activity credits.

Admission to the Baccalaureate Completion Program

- Admission to NIU as a regular degree seeking student – refer to Office of Admissions for application deadlines for regular university admission: http://www.niu.edu/apply/index.shtml
- Completed AAS in Physical Therapy Assistant and current license
- Submit application for the B.S. in Health Sciences – degree completion emphasis, including written professional goals statement and copies of appropriate professional credentials, certificates, or license

Academic Advising

All NIU students must meet university graduation and general education (GE) requirements. Degree completion students work with the NIU advisor to identify GE deficiencies and monitor progress toward completion of these and other university graduation requirements (i.e. 120 total credit hours with at least 30 hours from NIU.)

Approved 6/9/17
