Northern Illinois University’s RN-B.S. in nursing program is designed to award credit to registered nurses for their recent education and previous learning experiences in the field of nursing. Registered nurse degree students must plan on a minimum of at least 12 months to complete the required nursing courses.

The B.S. degree with a major in nursing, prepares the professional nurse for leadership roles in patient care in the total spectrum of health care agencies and settings. Graduates are prepared to function with baccalaureate competencies in the delivery of nursing care and in assisting in the improvement of health care delivery systems. They will also be skilled in utilizing the knowledge of the physical and social sciences as integral aspects of nursing, and will be prepared to enter graduate programs that will further increase their nursing knowledge.

All RN to B.S. Nursing Classes Offered Online

Students enrolled in NIU’s Nursing program enjoy many benefits:
- Proficiency credit for recent education and previous learning experiences in the field of nursing
- A practicum experience designed for RN students
- Access to the quality resources of an accredited institution
- Small online class sections
- Part-time or Full-time enrollment
- Value and flexibility from a highly respected university RN to B.S. program.

Admission Requirements
You must hold a current Illinois RN license and be prepared in the following ways:
1. Practiced as a Registered Nurse within the past five years or have satisfactorily completed an approved refresher course
   - OR passed a certified proficiency exam if you graduated more than five years ago and have not practiced within the last two years.
   - OR graduate of an Associate Degree or Diploma Nursing Program within the past year
2. You must have a minimum cumulative 2.75 GPA
3. Must achieve a minimum grade of C or better in all attempted prerequisite courses.

Apply by following these steps:
- Submit your application, a copy of your current Illinois RN license and your official transcripts to the NIU Office of Admissions.
  - Apply to NIU at www.niu.edu or contact Undergraduate Admissions at admissions@niu.edu or (800)892-3050.
- Meet with the RN-B.S. academic advisor to review your previous course work, discuss appropriate courses to meet your goals, and plan the details of completing your degree.

Academics
- You must complete 120 semester hours with at least 40 hours in upper-division courses (33 hours of proficiency credit are applied to the upper division requirement).
- Maintain at least a 2.75 GPA.
- Complete university general education requirements.
- Complete extra-departmental requirements.
- Must earn a grade of at least C in each course required in the major and all pre-requisite courses for the major.
- Complete 28 semester hours of NIU nursing courses.
- You may transfer up to 66 semester hours of approved community college course work and four hours of physical education to help meet these requirements. Unlimited hours may be transferred from a four-year institution.

*Please be advised that your program may have non-academic requirements for admission and/or progression through the program. For details please check the NIU Undergraduate Catalog or Nursing Student Handbook, or contact your advisor.
