MEDICAL LABORATORY SCIENCES PROGRAM
MLS Advisory Committee

The advisory committee is comprised of NIU MLS faculty and staff along with individuals named by the clinical affiliate to serve as a liaison to the MLS Program at NIU. Changes occur frequently so if students are not able to contact a person or need assistance with communication, the student should contact MLS faculty. Not every affiliate is used for clinical placement each year. The current list is followed by web addresses so that student may find out details about the facility.
